Echo Summit Appoints Anthony Girard as Chief Operating Officer

Real Estate investing and management veteran to lead property management operations

GREENWOOD VILLAGE, Colorado, November 1, 2010 – Echo Summit Property Management, a leading Denver Property Manager, announced today that it has appointed Anthony Girard as its Chief Operating Officer.

Mr. Girard is well-known Denver real estate investor, and has a long history of experience in property management and general business management. Mr. Girard will oversee Echo Summit's general operations activities, including property management, human resources, accounting, front office and vendor management.

“Fifteen years of consulting, corporate management and small business has provided me with a unique view of how quickly markets, customers and business priorities change. Regardless of size, location or industry – my experience has taught me the importance of building a macro plan to set the strategic business direction – and sticking to it”, said Mr. Girard. “But, my on-going experiences also continue to teach me to remain flexible, to be aware of the levels of my commitments, balancing priorities and when to say ‘No, not at this time’. Echo Summit’s corporate objectives remains aligned with my personal objectives on every level.”

Mr. Girard, who holds an MBA from Vanderbilt University, has managed and owned many businesses himself, including a maintenance and general contracting firm servicing the property management [amongst other] industries.

According to Scott Lukes, Echo Summit’s President, “We are proud to have Mr. Girard as a member of our senior staff. The puzzle of why property management can be such a huge national business, yet have so few dominant players continues to inspire us. Having leaders like Tony will help ensure that we become the #1 household name in property management over time.”

About Echo Summit Property Management

Echo Summit was founded with the mission of increasing the quality and effectiveness of managing residential and multi-family rental properties. Our philosophy is simple... once you start treating an income property like a rental, it will eventually dilapidate into one. Proactive maintenance, targeted marketing, careful tenant selection and continual presence are all critical to this goal. Our in-depth understanding of how to manage properties, combined with cutting edge technology, systems and processes have allowed us to achieve this goal. Over time, we have established a quality reputation in Colorado rentals, and are now the de-facto rental company for professional sports teams, local media personalities, and large companies looking to relocate key employees.
